

COOE

Strategic Planning, Approvals, Licensing & Compliance

COOE provides strategic planning, advice and project management assistance from project conception to implementation and evaluation. COOE's experienced personnel work with current Commonwealth and state legislation to guide clients through approvals, licensing and compliance requirements. Our service covers initial planning, baseline studies, documentation preparation, impact assessment, stakeholder consultation and environmental management and reporting.

Our Services

- Project management advice and services
- Project approvals and licensing including EPBC Act referrals, mining lease proposals, development applications, environmental impact assessments, exploration approvals and environmental licences
- Risk assessments
- Baseline studies and environmental compliance monitoring and reporting including soil, water, dust, odours, noise, ecological and hydrological
- Environmental management plans
- Mine plans, mine closure and rehabilitation plans
- Stakeholder consultation
- Statutory reporting including annual environmental reports, National Pollutant Inventory and National Greenhouse and Energy Reporting
- Site secondments and staff placements

Project Example

Nyrstar Port Pirie Smelter Transformation

Project: Delivery of the Public Environmental Report (PER)

Timeframe: Three months

Outcome: The 800-plus page PER was produced in partnership with Nyrstar within the required timeframe and approved by the South Australian Government. COOE then prepared a Response Document and a comprehensive Construction Environmental Management Plan.

Testimonial

“COOE’s professionalism and ability to process a large amount of information efficiently and effectively meant that the proposed transformation project’s key environmental and health issues could be delivered to, and understood by, the public and government agencies.”

Mr Andrew Gilbert, Transformation Environmental and Approvals Manager, Nyrstar

COOE Pty Ltd ABN 65 147 909 451
